Welcome to Bristol!

I am now located in what was once the natural foods co-op in Bristol behind Shaw's in the village commercial district. It was called Mountain Greens. Google Maps will show you the accurate location to 25 Mountain View St in Bristol, VT 05443.

Driving down Mountain View Street, you will see the big brown building with the silver metal roof on the left. Drive to the end of the street (but don't go into Bristol Co-housing) and park in the lot at the far end of the building, on the left.

My suite is located around the back of the building, facing Shaw's. Go past Addison Country Counseling and you will find my office door to the "Rose Pavilion".

Our receptionist Puanani works in the Salisbury clinic on Tuesdays & Wednesdays (802-352-9078), so she will not be there to greet you. Take a moment to yourself, and I will be available as soon as I can. Please bring your completed paperwork, it really takes 20 - 30 minutes to complete. If you don't bring completed paperwork, it will interfere with the time allotted for physical medicine.

I will take an in-depth history, and then it will be time to empty your bladder. If you are pregnant, just use the rest room as you enter the clinic, or as needed. Then treatment will last between 35-60 minutes, and afterwards there will be time for questions, summary and planning self-care therapies. Please bring cash or check for the visit, or copay. If you have a card associated with an FSA, let Puanani know ahead of time.

This is a good day to avoid overfilling yourself with foods prior to the visit! Also, try to avoid drinking gallons of caffeinated tea or coffee as it will interfere with the session.... It is good to eat and drink in moderation prior to the visit and consider bringing a snack for after the session is over. Please do consider other reasons to visit Bristol, such as the Bakery, Bobcat and the Emerald-Rose for shopping. Bristol also offers fabulous waterfall swimming in the summer...
